# HAVE YOU CONSIDERED USING FAIRTRADE PRODUCTS, SUCH AS TEA, COFFEE, SUGAR, SNACK BARS AND BISCUITS, IN YOUR WORKPLACE?

These days they are often no more expensive than other similar high quality products and by buying them you would be:

- Demonstrating ethical and socially responsible purchasing – thus fulfilling some of your company's CSR obligations
- Giving your staff and customers a positive message
- Helping small businesses and farmers in developing countries make a decent living and improve their communities

If you already use any Fairtrade products in your workplace, please get in touch to let us know as it will help us in our campaign.

If you would like to know whether your current supplier can provide you with Fairtrade items or to find out where you can get products for your vending or hot drinks machines, please contact your local group via the website below – we are here to help.

Whether you use a local, regional or national supplier, or a nearby cash and carry, or just pop out to a convenience store, we can advise you on how to make the change to Fairtrade.
